EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in the amendment filed on August 22, 2005. More specifically, applicant states on page 11 of the amendment in the "Remarks/Arguments" section "that if the Examiner disagrees with the foregoing concerning the patentability of claims 12, 14, 17, and 18, the applicant hereby agrees to cancel those claims and agrees to the entry of an Examiner's Amendment canceling such claims as part of a Notice of Allowance." Attempts were made to contact Mr. Max Moskowitz on October 13th and 14th. Since the examiner was unable to get in contact with Mr. Max Moskowitz, the examiner will heed the advice of the amendment (which was signed by Mr. Moskowitz) and perform an Examiner's Amendment canceling claims 17 and 18. It is noted that even though Mr. Moskowitz discusses canceling claims 12 and 14, it appears that they have already been cancelled in the present amendment. Therefore, only claims 17 and 18 will be cancelled in the Examiner's Amendment.

2. The application has been amended as follows:

- **Please cancel claims 17 and 18.**

EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

3. Claims 2, 5, 7, 10, 15, 16, and 19-22 (renumbered claims 1-10) are allowed.
4. The following is an examiner's statement of reasons for allowance:

Regarding claims 15, 16, and 19-21, the primary reason for allowance is that the prior art fails to teach or reasonably suggest shifting the position of the attendant information along the one of the upper, lower, left, and right edges in accordance with the user's operation of that one of the four operation sections, which corresponds to the one of the upper, lower, left and right edges.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to John M. Villecco whose telephone number is (571) 272-7319. The examiner can normally be reached on Monday-Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, NgocYen Vu can be reached on (571) 272-7320. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
